## SKILLS

### Technical Skills

- C++
- Basics of java
- SQL
- DBMS

### Soft Skills

- Time Management
- Critical Thinking
- Problem Solving
- Team Management

## PROJECTS

### Cricket Application

August, 2022

- It is a C++ based Cricket Game Application in which we have two teams having 4 Players each and it is a user friendly application.
- The players for each team will be selected by the user from the given pool of 11 players.
- I have also worked on Improving user experience by adding functions to display the pool of all the 11 players, display players of each team after team selection, display game scorecard after each delivery and display the match summary when the match ends.

### Spotify Website Clone:

December,2021

- Spotify clone script enables users to share their favorite songs, tracks on social media.
- I have used HTML, CSS and JavaScript for backend.
- Hassle-Free to share and download.
- Add and Download songs for free
